

Draft Concept note of Vasudhaiva Kutumbakam.

Some simple questions we all need to answer for ourselves to embark on the pilgrimage to One God, One Universe, One Human Family.

Q.1 If God is one, why is there inequality among God's Children?
Are some people the children of a lesser God?

Q.2 Why should we allow ourselves to be divided in the name of higher or lower caste? Or this God-revealed Religion or that God-revealed religion? Are not the caste, religions or even national boundaries absurd? Man-made?

Q.3 How can we entertain, much less tolerate, inequality in the name of gender or sexual orientation? Is God man, not also woman? And why allow patriarchy to dictate our relations.

Q.4 Is it by God's intention that a child is born to poverty and another to riches? Or is it not because of our flawed, exploitative economic policies? Why shouldn't all children be entitled to equal opportunities for health care and education?

Q.5 If God is all-pervasive, should we not realize God's truth, love, compassion and urge for justice within ourselves individually and not be led by blind faith on any particular book or messenger or avatar?

Q.6 Why should there be any ritualistic, dogmatic religious indoctrination and brain washing of an innocent child by the so called elders? Why should a child be robbed of freedom of religion and the right to make informed choice, rather than be arbitrarily bound with chains of religious servitude?

Q.7 Why kill animals and birds for indulging our taste buds? Why indulge in artificial commercial, industrial breeding and slaughter of birds and animals?

If your answers to the above questions are simple and positive, you are welcome to join this spiritual revolution with all your vigour and commitment to **One God, One Universe and One Human Family- Vasudhaiva Kutumbakam.**
